Make you look great!

1 Choose the most flattering denim!

Searching for a new pair of jeans? For the leanest look, choose pants with legs that fall straight down from the widest part of your hip. Pick a dark blue or black wash without whiskering, rips, or creases, and look for at least 2% of a stretch material like Lycra or Spandex in the fabric's content.

3 Keep your knits in top condition!

If you have a lightweight sweater or cardigan that you love but that has lost its shape, you can bring it back to life with hair conditioner! Just soak the knit in a sink full of water and 1/2 oz. of conditioner for five minutes. Then take the sweater out of the water, lay it flat and pull it gently to reshape. Let it dry in place, and it should be as good as new in no time!

4 Slim yourself with a necklace!

The trick to looking thinner in an instant? Wear a dramatic necklace that falls in a V-shape! For the most flattery, choose one that hits just above your bustline, which will not only draw the eye up toward your face but will also help make your torso look thinner!
